General Information

The College of Liberal Arts of American University will begin its third year on Monday, September 19, 1927. Students may register on either Monday afternoon, September 19, or Tuesday, September 20. Formal opening exercises will be held in the College Chapel on Wednesday morning, September 21, at 10:30 o'clock. Classes will meet regularly beginning on Thursday morning at 8:15 o'clock.

ADMISSION

Students who have not already filed their applications for admission to the College should do so at once. Registration cannot be made or classification determined unless applications are received before the opening days. The Faculty Committee on Admissions will pass upon all applications. Application blanks may be secured from the office of the Registrar.

Students will not be admitted to the College after October 10.

Freshman Standing. Students who have been graduated from an accredited secondary school and who present fifteen acceptable units of work will be admitted to freshman standing. A certificate made out on the prescribed form and signed by the principal of the school (or by his representative) must be presented before the date of registration.

Advanced Standing. A candidate for admission to advanced standing from an institution of college rank may receive credit without examination for work completed at such an institution, subject to the following requirements:

1. He must present a catalog of the institution from which he comes, with pages marked that describe courses for which he asks credit and with such pages indicated on the cover. He must present also an official certificate showing (a) his entrance credits at that institution, (b) his complete college record, including grade of scholarship in each subject taken, and (c) honorable dismissal.

2. He must have completed creditably the work of at least one year in an institution of college rank.

3. He must satisfy the entrance requirements of this College.

4. Credit is regarded as provisional at the time of the applicant's admission and will not be considered as final, nor will the applicant be given final enrollment, until he has satisfactorily completed at least one semesters' work in this College.

5. The applicant must register for any courses not previously taken that are included in the requirements for graduation from this College.

6. A student admitted to advanced standing must complete at least thirty semester hours' credit, amounting to one year's residence, in this College, and he must maintain an average of C grade in all work taken in this College. He must also meet the quality requirements of an average of C throughout his four-year college course. Grades received in previous institutions will therefore be taken into account. The grade of C as given in this College will be regarded as the basis for the determination of the scholarship average.

DIRECTIONS FOR NEW STUDENTS

How to Reach the Campus. Students who come to Washington by train will arrive at the Union Station. In order to reach the Campus, it will be necessary to take a street car to Dupont Circle and to transfer there to a Wesley Heights-American University Park bus, which leaves the Circle on the hour and on the half hour between 9:00 a. m. and 3:00 p. m., and at twenty-minute intervals between 7:02 and 8:30 a. m., and between 3:00 and 7:24 p. m. Secure a transfer when paying the carfare. The bus passes the Campus on Nebraska Avenue.

Baggage. The university will deliver trunks for a fee of seventy-five cents, if the baggage checks are left at the office of the Registrar.

Mail. Mail should be addressed to American University Campus, Massachusetts and Nebraska Avenues, Washington, D. C. All mail will be delivered from the College post office on the lower floor of Hurst Hall.

Books. All textbooks and other supplies may be secured at the Students' Supply Store, on the lower floor of Hurst Hall.

OPENING OF DORMITORIES AND DINING ROOM

Rooms in the Women's Residence Hall and in the Men's Corridor of the Gymnasium will not be ready for occupancy before Monday, September 19. The first meal will be served Monday noon.

Women's Residence Hall. The young women will go to the Residence Hall, where they will receive their room assignments.

Each woman should bring sheets, blankets, and other covers for single beds, pillow cases, and towels. Each piece should be carefully marked with the owner's name. Curtains are supplied by the University. Rugs and additional window draperies must be provided by the students who desire them.

Men's Corridor. The young men who have been assigned rooms in the Men's Corridor will go to the Registrar's office to secure their room assignments.

Each man should bring sheets, blankets, and other covers for single beds, pillow cases, and towels. Each piece should be carefully marked with the owner's name. Rugs and window draperies must be provided by the students who desire them.

Laundry. The University will be responsible for laundering a limited number of sheets, pillow cases, and towels each week. Personal laundry will be looked after by the students themselves.

Other Rooms for Men. Young men who are not able to secure rooms in the Men's Corridor will find attractive rooms in Wesley Heights, a new residence section adjoining the University Campus. Prices range from \$15 to \$25 a month, depending upon number in a room, furnishings, etc. A list of these rooms is on file in the Registrar's office.

Board. All students, both men and women, will take their meals in the University dining room on the ground floor of the Women's Residence Hall. Regular board will include only breakfasts and dinners. A cafeteria luncheon will be served at noon at cost. The first meal to be served will be luncheon from 12:00 to 1:00 o'clock on Monday, September 20. The regular hours for meals are as follows: breakfast, 7:15; luncheon, 12:15; dinner, 6:15. On Sunday, breakfast will be served from 8:15 to 8:45, dinner at 1:30, and supper at 5:30. The men will use the north entrance to the dining room.

REGISTRATION

Registration for all students for the first semester of the college year 1927-28 will be held in Hurst Hall on Monday afternoon, September 19, and on Tuesday, September 20. All students must register in person on one of these days. A fee of two dollars is charged for registration after September 20. Students will not be registered for the first semester after October 10.

All students will call at the Registrar's office, Room 9, in Hurst Hall, for registration cards. They will then make out their schedule of classes in consultation with their advisers in Room 3.

In the selection of courses, prescribed and major studies take precedence over all others. (Consult the catalog, page 35.) The approved schedule, bearing the signature of the adviser, must then be presented at the Dean's office for approval. After all cards are filled out, payment of the term bill must be made in the Bursar's office in Battelle Memorial Hall before registration is complete.

Amount of Work

Students are expected to complete an average of fifteen semester hours' credit for each semester of the four-year course. The consent of the Dean of the College must be secured by students who desire to register for less than fourteen hours or more than sixteen. Permission to carry more than sixteen hours will be given only to students who have averaged B or better during the previous semester in college.

Foreign Languages

Students continuing a foreign language in which they have had two years preparation in high school, will register for the second-year course. If they have had only one year of preparation in language, and desire to continue the subject, they are admitted to the first-year course, but college credit will not be counted towards graduation for the work of the first semester if the first-year preparatory course is part of the entrance requirement.

Physical Education

All freshmen, sophomores, and juniors are required to take physical education. Three years' work is thus required for graduation, and unless this requirement has been satisfied by the end of the junior year, the work must be taken in the senior year.

The purpose of this training is to keep the students in first-class physical condition and to lead them to appreciate the value of regular habits of physical exercise in promoting good health. Corrective work is given for those physically unable to take the prescribed courses.

As soon after registration as possible, each student will be given a thorough physical examination by a competent physician.

Change in Registration

After a student's program of studies has been approved at the beginning of each semester, it is not subject to change except upon recommendation of the student's adviser and with the written

approval of the instructors concerned and of the Dean. An official card for use in changing courses may be secured in the Registrar's office. A fee of one dollar is charged for any voluntary change made in registration after the fourth meeting of the class in which the student enters.

A course dropped without permission is regarded as a failure and is so recorded. Any course dropped after the beginning of the sixth week of the semester will be recorded as a failure.

Credit will not be given in a course for which the student has not officially registered.

FEES AND EXPENSES

The following table indicates the regular college charges for each semester of the year 1927-28. All fees are payable in advance.
